| PHRASE | As explained in the notes the dance should feel like one long dance - $A B C, A B C$, then add the TAG, you will then be facing the back to do part $B$ which ends facing 10.30 transfer the weight to $L$ on count 8 and do part $B$ again facing the front. You will then be facing 3.00 and do part $C$ twice (when you do the first part $C$, don't make $1 / 4$ turn $R$ on the last ' $\&$ ' count, just step $R$ to right side and then do part C again facing 3.00).
